List any other unique features for your product:	
Fully addresses medical and practice management needs of primary care with speed and flexibility required for urgent care and occupational medicine / Workers' Comp. Ideal for high volume, mixed-use practices. Practice Management program also includes employer exam protocol management and employer billing, as well as the capacity to manage multiple fee schedules for discount contracts with employers. Also includes ability to establish rule-based surveillance based on OSHA mandates. Can manage multiple tax IDs for separate business entities, such as urgent care and rehab (Optional: \$5,000 one-time fee). Robust reporting function includes practice financial reporting, visits analysis, and employer population reporting.
